PERMANENT COLLECTION

NEWS 2018

ABOUT

The Frama Permanent Collection is defined within our approach to the materials, shapes, and expressions ingrained in everything we produce. With the Permanent Collection we aspire to curate and maintain a selection of objects and pieces created by various designers, craftsmen and architects. It speaks to the values at the very core of Frama, and is the truest embodiment of everything we believe and aspire to create. The Permanent Collection is indefinite and it is our expression of permanence.
